Prepared for: **[CLIENT_NAME]** · Date: **[DATE]** · Ref: **[PROPOSAL_NO]** · Valid for **[VALIDITY_DAYS]** days

DRAFT for owner review — not for sending. The employment structure in section 5 is a declared working assumption pending official and legal verification.

1. The service

Business Partner assigns qualified Saudi employees to your company for the days and hours you need — part-time, flexible, remote or by project — and manages them, trains them and develops their skills. You get a real professional in a defined role without the cost of a full-time hire. Every assignment is real work with deliverables and a timesheet.

2. How it works

• You choose the role and monthly hours, or a project scope.

• We match and introduce a Saudi employee to you before the start date.

• Work runs under a signed scope, a weekly plan and a timesheet.

• A senior Business Partner manager reviews the work every week.

• You receive a monthly report of hours, deliverables and training.

• If the employee is absent for more than **[REPLACEMENT_DAYS]** days or leaves, we provide a replacement.

3. Forms of engagement

• Part-time: fixed weekly hours with one company.

• Flexible: hours as needed between an agreed minimum and maximum, registered through the Ministry of Human Resources "Marn" platform where applicable.

• Remote: tasks delivered without attendance (for example accounting, marketing, purchasing).

• By project: defined scope, deliverables and duration, with milestone payments.

Hours between two packages are priced at the hourly rate. Field (non-administrative) roles and project-based work are quoted per assignment. VAT of 15% is added to every price.

Performance-linked pay for roles such as sales, purchasing and human resources is agreed in the assignment schedule: **[VARIABLE_PAY_TERMS]**.

5. Employment structure (working assumption)

The Saudi employee holds a genuine part-time or flexible employment contract, registered with the authorities and social insurance in accordance with the structure confirmed before signature. Business Partner manages the employee, develops them and invoices the service. The final structure is confirmed in writing before the Service Agreement is signed.

6. What the price includes

• A Saudi employee with a real contract, registered social insurance and medical insurance.

• Management, weekly supervision and performance review.

• Mandatory training and professional development for every employee.

• Timesheets, monthly reporting and replacement cover.

Not included: VAT; performance-linked pay agreed separately; field travel; your own tools, licences and systems.

7. Integrity and compliance

• Every assignment is real work with a client deliverable, a timesheet and a signed scope. No employee is registered without actual work.

• Work and training records are kept for each employee and can be shown to the competent authorities.

• How an assignment is counted in the Nitaqat programme depends on the employment structure registered for each employee. Business Partner makes no commitment to any Nitaqat result or band, and none that one employee counts for more than one entity.

• Both parties sign a non-disclosure agreement before any employee or company information is shared.
